Dear Ms. Namondo,

**Subject: Eastern Africa Regional Statistics Program for Results (EARSPPR) Disbursement
Linked Results (DLRs) Verification Missions, Dodoma, Tanzania 4 – 8 August 2025**

Greetings from the African Centre for Statistics (ACS) at UNECA.

The United Nations Economic Commission for Africa (UNECA) has signed a five-year Project Cooperation Agreement (PCA) with the East African Community (EAC) to provide technical assistance on the implementation of the Eastern Africa Regional Statistics Program for Results (EARSPPR) in Kenya, Rwanda and Tanzania. UNECA through the ACS undertakes the independent verification of program results using the agreed protocols with EAC and WB quarterly.

This is to kindly inform your office that the ACS team of experts will have missions in Dodoma, Tanzania, from 4 - 8 August 2025 at the request of the National Bureau of Statistics, Tanzania through East African Community (EAC). The mission aims to verify program results for DLI 1.1: Improved harmonization & quality of statistics and DLI 2.2: Improved availability of enterprise-based survey data. The missions to Tanzania comprise the following ACS statisticians: David Boko, Lerato Martha, Michael Sijje Ogen, Akrem Abdusemed, Robel Equbasilassie, Asalfew Abera and Fatouma Sissiko (Lead). The official request of the National Bureau of Statistics is enclosed for your reference.

Should you need further clarification from the ACS Team on the mission, you may get in touch with Ms. Fatouma Sissoko, sissokof@un.org who is the leader of the Team travelling to Dodoma.

Thank you for your kind understanding, support and cooperation.

Yours sincerely,

Tinfissi Joseph Ilboudo
Officer-in-Charge
African Centre for Statistics
