TO: Director
African Centre for Statistics
Menelik II Avenue
Box 3001 Addis Ababa
Ethiopia

Dear Mr. Olivier J. M. Chinganya

**REQUEST FOR PROVISIONING SOFTWARE AND DASHBOAD APPLICATIONS FOR
USE IN 2025 AGRICULTURE CENSUS**

1. The above-subject matter refers.
2. Statistics Botswana will be conducting an Agriculture Census beginning February 2025. We have developed a CPro Computer Assisted Personal Interviewing (CAPI) application, which will be deployed in more than two hundred (200) Tablets. It will be very tedious and time consuming to install the application manually in the number of tables to be used, therefore there is a need for a software to speed up the process. I understand your organization offered to assist with the software in 2022 when we were conducting the Population and Housing Census.
3. Furthermore, we are requesting for a dashboard application to use for monitoring progress during fieldwork. Such will assist in trekking progress and take necessary remedial actions on time.
4. For more information, please contact **Mr. Eden Onyadile**; Email Address: eonyadile@statsbots.org.bw
5. Your positive response will be highly appreciated.

Yours Faithfully,

Dr. Lucky Mokgathe
Acting Statistician General
